MEMORANDUM FOR: Deputy Director (Support)

SUBJECT: Personal Property Claim -

25X1A

1. This memorandum contains a recommendation for approval. This recommendation is contained in paragraph 4.

25X1A

2. In accordance with the provisions of Regulation the attached claim for loss of personal property submitted by subject claimant was considered by the Headquarters Board of Survey at its meetings held on 5 January 1956, and 16 February 1956. The claimant requests reimbursement in the amount of \$33.40 for the loss of a musette bag containing men's toilet articles. On 20 January 1953, claimant states that he and several other Officers were leaving on a clandestine operational support flight. He certifies that the "proper Agency authority" directed him to turn his bag over to the Motor Pool Officer, an Agency employee, for transportation to the airstrip, while the Officers were transported separately in a sedan. Upon arrival at the airstrip, claimant's bag was missing from the off loaded baggage. A thorough search was not successful and claimant left on the trip without the bag. After claimant's return, attempts to locate the missing bag through the General Services Division were unsuccessful.

25X1A

3. Records indicate that this case was previously considered at the Claims Board meetings of 5 August 1953, and 28 January 1954, after submission from the field in informal memorandum form. Rejection was based on the provisions of Regulation that the Agency will not reimburse employees for loss of personal property due to normal travel occurrence or local conditions.

25X1A

4. The Headquarters Board of Survey, after inspection and thorough deliberation at the 5 January 1956 meeting, unanimously recommended that the claim be approved subject to the application of the depreciation schedule by Finance Division, disallowing consumable items (shaving lotion and tooth paste). The Board unanimously recommends, as evidenced by the signatures below, that claimant be reimbursed in the amount of \$31.20, the amount allowed after application of depreciation schedule by the Finance Division. This recommendation is based solely on the fact that the claimant, in rewriting his claim properly with complete information complying with Regulation certifies he was directed to place the property under Agency control by the proper Agency authority.
